

2019 CAN-AM MAVERICK X3 MAX

X rs TURBO R · 4-SEAT · TIMELESS BLACK

\$20,000 OBO

\$15,000+ in Upgrades. One Owner.

Built to Perform. Priced to Sell. Ready Today.

505.5 hrs Engine Hours

4,109 mi Odometer

195 HP AA Level 3 Tune

BUILD HIGHLIGHTS

PERFORMANCE

- AA Level 3 ECU Tune (Dynojet PowerVision) — +23-25 RWHP, 18-19 PSI peak boost, 9,000 RPM rev limit
- Aftermarket Assassins 3" Full Stainless Exhaust — 4-7 RWHP gain, dual tips, USA made
- AA High Flow 3" Billet Intake — 5-7 RWHP gain, reduced charge temps
- AA S3 Clutch Kit — High Load Helix 1050, adjustable weights, optimized for 35" tires
- EVP Billet BOV V2 — purpose-built for X3, tested to 500+ hp
- EVP Oil Catch Can — billet aluminum, protects turbo & intercooler

SUSPENSION & CHASSIS

- SuperATV High-Clearance Boxed Front A-Arms — +1.5" clearance, lifetime warranty
- SuperATV Boxed Radius Arms (complete 6-rod kit) — gusseted, lifetime warranty
- SuperATV 72" Rear Trailing Arms — gusseted, hex billet sway bar links, lifetime warranty
- SuperATV Adjustable Sway Bar Links — front & rear, self-lubricating 5/8" heims
- Shock Therapy Dual Rate Spring Kit — custom-tuned for X3 X rs with FOX 2.5/3.0 shocks
- TMW Offroad Bulkhead Gusset Kit — 4130 Chromoly, double-shear A-arm mounts
- TMW Offroad Pro Series Shock Tower Support — eliminates shock bolt failure
- BRP 2020+ Rear Knuckle Upgrade (OEM) — double-shear design, major improvement over 2019 units

DRIVETRAIN & STEERING

- SuperATV Rhino Driveline Heavy-Duty Prop Shaft — billet, front & rear, U series
- Hess Motorsports 14" Dished Steering Wheel — 6-bolt, suede wrap
- Hess Motorsports 6-Bolt Quick Release — fast steering wheel removal
- Gear Grabber Custom Billet Shifter — improved shift feel & ergonomics

WHEELS, TIRES & PROTECTION

- System 3 Off-Road SB-4 Beadlock Wheels — 15x7, 5+2 Offset, Matte Black (set of 4)
- Maxxis Roxxzilla 35X10.00R15* — Competition Sticky Compound, King of Hammers proven
- Chilli Fab Custom Tree Kickers — custom fabricated rock/tree protection

ELECTRONICS & ACCESSORIES

- Can-Am / MTX Complete Audio System — 400W RMS, 11 speakers, Bluetooth 5, waterproof
- BRP OEM Rear View Mirror & Camera Monitor — infrared night vision, waterproof
- AiM IR Belt Temp Gauge — brand new in box, not installed, included with sale
- BRP Factory Roof & Hard Coated Windshield (OEM)
- Can-Am LinQ 8 Gal (30L) Cooler Box — OEM BRP, LinQ quick-attach

INCLUDED WITH SALE

- Spare factory BRP Smart-Lok front differential (OEM)
- AA Clutch tool kit (compression tool & clutch puller)
- Spare engine oil change kit, diff gear oil & gearbox fluid
- AiM IR Belt Temp Gauge (new in box, uninstalled)

✓ INCLUDED WITH SALE

- Spare factory BRP Smart-Lok front differential (OEM)
- Aftermarket Assassins clutch tool kit (compression tool & clutch puller)
- AiM Infrared Belt Temp Gauge — brand new in box, never installed
- Can-Am LinQ 8 Gal (30L) Cooler Box (BRP OEM, Part #715004778)
- Spare engine oil change kit, front differential gear oil & gearbox fluid

■ NEEDS ATTENTION — REFLECTED IN ASKING PRICE

- A-arm bushings — upper and lower (wear item at this mileage)
- Upper and lower ball joints
- Wheel bearings
- Windshield — hard coated OEM, scratched, will need replacement

VIN: 3JBVNAW48KK000267 · Clean & Clear Title · Full build sheet on following pages

BUILD DETAILS

VEHICLE IDENTIFICATION

Year	2019
Make	Can-Am (BRP)
Model	Maverick X3 MAX (4-Seat)
Trim	X rs Turbo R
VIN	3JBVNAW48KK000267
Exterior Color	Timeless Black (Metallic) — Paint Code B-302
Hours	505.5 hours
Odometer / Miles	4,109 miles

ENGINE & DRIVETRAIN

Engine	Rotax 900 ACE Turbo R — Inline 3-Cylinder, DOHC
Displacement	899.9 cc
Horsepower	172 hp @ 7,500 RPM
Torque	122 lb-ft @ 6,500 RPM
Transmission	CVT (Continuously Variable Transmission)
Drive System	Smart-Lok Front Differential / True AWD
Fuel System	Electronic Fuel Injection (EFI)
Fuel Capacity	10.5 U.S. gal (40 L)
Cooling	Liquid-Cooled

SUSPENSION & CHASSIS (STOCK)

Front Suspension	Double A-Arm with sway bar — FOX 2.5 Podium RC2 Piggyback with bypass, dual speed compression & rebound
Rear Suspension	4-Link Torsional Trailing-arm X (TTX) with sway bar — FOX 3.0 Podium RC2 Remote Reservoir with bypass
Front Travel	22 in (55.9 cm)
Rear Travel	22 in (55.9 cm)
Front Brakes	Dual 262mm Ventilated Disc with Hydraulic Twin-Piston Calipers
Rear Brakes	Dual 248mm Ventilated Disc with Hydraulic Twin-Piston Calipers
Wheelbase	135 in (342.9 cm)

Ground Clearance	14 in (35.6 cm)
-------------------------	-----------------

WHEELS & TIRES (UPGRADED)

Wheels	System 3 Off-Road SB-4 Beadlock — 15x7, 5+2 Offset, Matte Black finish (set of 4). 10mm billet beadlock ring with 16x 5/16" Grade 8 bolts. 1,200 lb load rating. Styled simulated beadlock with bolt-in center cap.
Tires	Maxxis Roxxzilla 35X10.00R15* (Part #TM00117400) — Competition "Sticky" Compound (set of 4). 8-ply rated radial. Overall diameter 34.5", section width 10.5", tread depth 19/32". Max PSI: 18. Tire of choice for 2025 King of the Hammers 4400 champion. Designed for extreme rock crawling and off-road racing. NOTE: Virtually new — only one trail ride on them, less than 75 miles.

DIMENSIONS & CAPACITY

Overall Length	165 in (419.1 cm)
Overall Width	72 in (182.9 cm)
Overall Height	66.7 in (169.4 cm)
Seating Capacity	4 (Side-by-Side MAX)
Dry Weight	Approx. 1,849 lbs (838.6 kg)
Fuel Capacity	10.5 U.S. gal (40 L)

MODIFICATIONS & UPGRADES

CVT Clutch Kit	Aftermarket Assassins S3 Clutch Kit (Part #103-1016) — High Load Helix 1050. 6x AA Recoil magnetic adjustable weights (50-64g, nitrocarburized), AA primary spring, fully adjustable helix, helix adjustment tool & setup guide. Optimized for heavier tires, sand loads & crawling. Compatible: 2018-21 X3 R 172hp.
Clutch Tool Kit	Aftermarket Assassins Tool Kit — clutch compression tool & clutch puller
Exhaust	Aftermarket Assassins Sidekick 3" Full Exhaust (Part #110-1004) — Full stainless steel 3" system, made in the USA. Inline muffler design for max flow and minimum heat. Adjustable sound (quiet cap available). Dual tips. Gains 4-7 RWHP depending on tune. V-Band clamps, laser cut brackets, high-quality flex joint. Fits all 2017+ X3 models.
ECU Programmer	Dynojet PowerVision 3 (PV3) — handheld ECU flash tuner, plug-in via OBD diagnostic port. Live boost gauge, data logging, trouble code reader. Speed limiters removed. Throttle-by-wire limits disabled. Rev limit raised to 9,000 RPM. Loaded with Aftermarket Assassins custom tune (see ECU Tune below).
ECU Tune	Aftermarket Assassins Level 3 Custom Tune (91-93 Octane) — loaded on PowerVision above. Peaks 18-19 PSI boost, sustains 17-17.5 PSI. +23-25 RWHP over factory. Requires full exhaust & high flow intake (both installed).
Intake — High Flow Kit	Aftermarket Assassins High Flow Intake Kit for Stock Airbox (Part #112-1018) — Fits 2017-2019 X3 models. Upgrades airbox outlet from 1.75" to 3" billet aluminum outlet (largest available). Made in the USA. Gains 5-7 RWHP on pump gas tunes; more on higher boost. Lower charge temps from reduced turbo restriction. Direct replacement for factory outlet.

Turbo — Oil Catch Can	Evolution Powersports (EVP) Can-Am X3 Catch Can Kit (SKU #1562010001) — CNC-machined 6061-T6 billet aluminum, anodized black, stainless hardware. Perforated stainless steel baffle + screen packing for superior oil/vapor separation. Petcock-style drain valve. Prevents oil/moisture from contaminating turbo, charge tubes & intercooler. Reuses OEM crankcase vent hose. Made in USA.
Turbo — Blow Off Valve	Evolution Powersports (EVP) Billet BOV V2 for Can-Am X3 (SKU #1502010002) — Purpose-built for small-displacement powersports turbos. CNC-machined billet aluminum; hard anodized + Teflon anti-friction coating. Tolerances within 0.0003". Spring rates matched for X3. 3 sealing O-rings. Pre-filter included. Tested to 500+ hp. Fits all 2017+ X3 models.
Steering Wheel	Hess Motorsports 14" (350mm) Dished Steering Wheel — 6-Bolt (SKU #700002). Flat Black suede wrap, Anodized Stealth Gray with Lime Green accents.
Steering Quick Release	Hess Motorsports 6-Bolt Steering Wheel Quick Release (SKU #700000). Fits Can-Am X3, Polaris RZR & Textron Wildcat.
Chassis — Bulkhead Gusset	TMW Offroad X3 Bulkhead Gusset Kit — 100% 4130 Domestic Chromoly, powder coated black. Double-shear strength to all front A-arm mounts. Precision one-piece welded construction. Installs without removing front differential. Fits all Can-Am X3 2017-2025.
Chassis — Shock Tower	TMW Offroad X3 Pro Series Shock Tower Support — Made in USA, semi-gloss black. True double-shear front shock mount; eliminates shock bolt stress & breakage. Direct bolt-on to factory holes. Includes lit TMW logo with white light. Fits all Can-Am X3 & X3 Max (all years incl. 2025). Works with Smart Shock.
Front A-Arms	SuperATV High-Clearance Boxed Front A-Arms — 72" wide. 1/8" heavy-duty steel plating (25% larger than stock). Adds 1.5" of ground clearance. Adjustable upper pivot block for full camber adjustability. UV-resistant powder coat. Fits up to 30" tires. ★ LIFETIME WARRANTY — likely transferable to new owner.
Rear Radius Arms	SuperATV Boxed Radius Arms — Complete Kit (6 rods), 72" wide. 1/8" heavy-duty steel with internal gussets and reinforced pivot joints. Heavy-duty 5/8 x 18 heim joints pre-adjusted to factory specs. All new bushings included. UV-resistant powder coat. ★ LIFETIME WARRANTY — likely transferable to new owner.
Rear Trailing Arms	SuperATV 72" Rear Trailing Arms — 1/8" heavy-duty steel with internal & external gussets. Cradles shock & sway bar link mounts. Includes hex billet sway bar links. Maintains factory rear alignment. UV-resistant powder coat. Fits 2017+ X3 72" models. ★ LIFETIME WARRANTY — likely transferable to new owner.
Rear Knuckles	BRP Factory 2020+ Rear Knuckle Upgrade (OEM) — Upgraded from 2019 units to revised 2020+ production knuckles for improved geometry and strength. Right Knuckle: BRP Part #706005411 Left Knuckle: BRP Part #706005410. NOTE: The 2020+ knuckles feature a double-shear design — a significant structural improvement over the single-shear 2019 units, greatly reducing knuckle failure under hard use.
Sway Bar Links	SuperATV Adjustable Sway Bar Links — Front & Rear. Front: zinc-plated steel, 1" adjustability. Rear: hardened 6061 hex billet aluminum, 2"+ adjustability. Self-lubricating 5/8" heims. Over twice as thick as stock.
Spring Kit	Shock Therapy Dual Rate Spring Kit (SKU #100-2030-04) — 2017-2019 X3 X rs Turbo R, 72" with FOX 2.5/3.0 IBP shocks. Custom-tailored to vehicle specs. Increases ride height, reduces bucking, improves ride over chop & chatter. Springs made in USA from CrSi. Lifetime warranty.

Prop Shaft / Driveline	SuperATV Rhino Driveline Heavy-Duty Prop Shaft (SKU: PRP07-002F-002R-0-B#AD) — Can-Am Maverick X3 X RS Turbo R, 2018-2019. Front and Rear, U Series, Billet. Heavy-duty replacement for the factory prop shaft. Fits 4-seat (MAX) configuration.
Front Bumper	Can-Am Front Pre-Runner Bumper (BRP Part #715002878) — sold via MotoSport. 1.5" diameter steel tubing with 1/8" aluminum plate. Anti-corrosion coating, powder coat finish. Integrated winch mounting plate and light mount points. Fits Maverick X3 / X3 MAX.
Winch	[TBD — brand and model unknown, winch installed. Buyer to verify specs.]
Quick Belt Change Tool	Generic quick belt change tool — included with sale.
Tree Kickers / Rock Sliders	Custom fabricated tree kickers by Chilli Fab (chillifab.com) — custom aftermarket rock/tree protection. Visible in listing photos.
Spare — Front Differential	Spare factory BRP Smart-Lok front differential included with sale. OEM unit, direct replacement for the Can-Am Maverick X3 X rs Turbo R.
Lighting	Roof-mounted LED light bar (generic brand). 2x amber LED pods mounted on front bumper (generic brand). 2x rear-facing LED pods (generic brand).
Roof / Windshield / Cage	BRP Can-Am Factory Roof (OEM). BRP Can-Am Hard Coated Windshield (OEM) — NOTE: windshield is scratched and will need replacement in the near future. Factory stock cage.
Shifter	Gear Grabber custom billet shifter upgrade — aftermarket short throw shifter designed for improved shift feel and ergonomics. Custom fabricated. See: facebook.com/p/Gear-Grabber-Shifters-100057649922203
Rear View Mirror / Camera	BRP Can-Am OEM Rear View Mirror and Camera Monitor (Part #715004905) — fully waterproof rearview camera and monitor kit. Screen integrated into replacement rearview mirror unit. Infrared night vision capability. Multiple mounting locations for custom point of view. Multiple camera feeds supported. Fits Maverick X3 MAX. Retail: \$534.99.
Gauges / Electronics	AiM Infrared Belt Temperature System (IR Belt Temp Gauge) — sold via UTV Race Shop. Brand new, in box, NOT installed. Includes gauge and infrared sensor. Real-time CVT belt surface temperature monitoring with programmable Warning and Alarm thresholds. Multi-color LED alerts; records temperature data every 10 seconds. Also displays battery voltage. Designed specifically for UTV CVT drive systems including Can-Am X3. Included with sale.
Audio System	Can-Am / MTX Complete Audio System (BRP Part #715002873) — OEM factory-fit system. Bluetooth 5, 400W RMS / 800W peak. 11-speaker setup including front dashboard and rear roll cage mounted stereo speakers plus head unit with integrated 6.5" subwoofer. Dust and water resistant. Designed specifically for Maverick X3 / X3 MAX.
Hi-Lift Jack	Hi-Lift jack mounted to rear bar of roll cage roof. Included with sale.
Battery Tender / Charger	Battery Tender charger included with sale. Vehicle has factory pigtail installed for easy connection.
Portable Jump Starter	NOCO Boost XL GB50 — 1,500A 12V lithium jump starter (MSRP \$149.95). Up to 30 jump starts per charge. IP65 water & dust resistant. Spark-proof with reverse polarity protection. USB power bank (up to 6 smartphone charges). 200-lumen LED flashlight with 7 modes incl. SOS & strobe. Fits gas engines up to 7.0L. Vehicle has pigtail installed for direct NOCO connection. Included with sale.

Belt Storage Case	Savage UTV Waterproof Drive Belt Storage Case (Part #SC) — IP67 rated 100% airtight & waterproof. Holds 2 UTV drive belts. UV-resistant injection molded ABS, lockable. Stainless steel cage mounts (fits 1"-2" tubing). Foam insert customizable for belt change tool. 22" x 5" x 3.5". Made in USA.
Electronic Device Holder	BRP Can-Am OEM Electronic Device Holder (Part #715002874) — fits Maverick X3 / X3 MAX. Adjustable sliding/locking holder for tablets & smartphones (5.1" to 10" with case). Weather-resistant glove box with 1 gal (3.8L) integrated storage. Dash 12V outlet access for device charging. Compatible with MTX Audio System. Injected-polypropylene construction.
Spare Consumables Included	Spare engine oil change kit included with sale. Spare front differential gear oil included. Spare gearbox fluid included. All fluids are for Can-Am Maverick X3 MAX X rs Turbo R.
Other Accessories	Can-Am LinQ 8 US Gal (30L) Cooler Box (BRP Part #715004778) — OEM BRP factory accessory. Rotomolded construction, premium foam insulation, integrated removable food compartment, robust rubber latches, convenient drain plug. LinQ easy-on / easy-off mounting system.

CONDITION NOTES

Overall Condition	Fair Cosmetic / Good+ Mechanical — extensively modified build, priced accordingly.
Cosmetic Notes	Fair cosmetic condition — damage is consistent with aggressive trail riding through tight tree lines and boulder fields. Machine has NEVER been flipped or rolled. Specific items to note: Upper and lower Can-Am doors have scratches, blemishes, and some cracking. Rear fenders have visible damage. Rear left tail light has visible damage. OEM hard coated windshield is scratched and will need replacement. See listing photos for full detail.
Mechanical Notes	Good+ mechanical condition. Known items needing attention (reflected in asking price): A-arm bushings (upper and lower), upper and lower ball joints, and wheel bearings. All other mechanicals are in good working order. NOTE: Seller is willing to complete any or all of the needed mechanical work prior to sale for an additional cost (parts + labor). Contact seller to discuss.
Title Status	Clean and Clear Title

SERVICE HISTORY

Shock Rebuild	FOX shocks professionally rebuilt by Sunfire Offroad (Sunman, IN) at approximately 2,500 miles. Upgraded from OEM needle valves to Schrader valves for easier nitrogen pressure adjustments in the field.
Engine Oil & Filter	Regular scheduled oil and filter changes performed throughout ownership.
Air Filter	Regularly inspected and replaced as needed throughout ownership.
Front Differential Fluid	Regular scheduled fluid changes performed throughout ownership.
Gearbox Fluid	Regular scheduled fluid changes performed throughout ownership.

SELLER'S NOTE

Build Completeness

This build sheet represents everything I can recall about this machine and its modifications. Given the number of upgrades and accessories accumulated over the years, there are likely additional items, parts, or details that I have inadvertently omitted. Buyers are encouraged to inspect the machine in person — what you see is what you get, and there may be other things not listed here. Contact me with any questions.
